

Land Surveying Technician / Draftsperson

HRS, LLC (Herold-Reicks Surveying) is a progressive land and construction surveying firm with offices in New Hampton and Waverly, Iowa.

We are seeking a land surveying technician/draftsperson to join our team in our New Hampton, Iowa office. Position involves preparing and drafting surveys, legal descriptions and easement exhibits. The successful applicant will be a self-starter, motivated to meet internal deadlines and possess the ability to clearly communicate with other team members. Must have strong math skills, computer skills and the ability to work well with others in a team environment. In addition to a strong technical skill set, the position requires basic proficiency with AutoCAD and the potential to occasionally perform survey field work.

Specific job tasks include:

- 1.) Preparing survey drawings including boundary, topographical and ALTA surveys.
- 2.) Writing legal descriptions.
- 3.) Preparing easement descriptions and exhibits.
- 4.) Analyzing design files for the use on construction projects.

Education:

- 1.) Minimum High school Diploma with 1 to 2 years' experience in land surveying.
- 2.) Experience in AutoCAD Civil 3D preferred but not required.

Wages are commensurate with experience and skill set. HRS offers competitive compensation packages and paid vacation. If you meet these qualifications and are ready for an exciting, challenging and rewarding career please send a current resume to:
