

Martin & Whitacre Surveyors & Engineers, Inc.

Professional Land Surveyor/Land Surveyor in Training

Martin & Whitacre Surveyors & Engineers, Inc. has an immediate opening for a Professional Land Surveyor or Land Surveyor in Training to work in our Muscatine, Iowa office. The work will include a variety of survey projects including Property Surveys, Construction Staking and Topographic Surveys.

Martin & Whitacre Surveyors & Engineers, Inc. based in Muscatine, Iowa has been providing surveying and civil engineering services throughout the Midwest since 1982. We are professional service providers for all types of surveys including boundary, horizontal & vertical control, topographic, hydrographic, construction staking and engineering surveys. Martin & Whitacre uses Static GPS, drones, robotic total stations, digital levels, laser scanners and bathymetric sounding equipment to efficiently collect all types of survey data. Our extensive equipment inventory gives us a great advantage over many civil survey firms.

Qualifications –

- Candidate must be a Professional Land Surveyor in the State of Iowa (Illinois License a plus) performing all types of survey projects, including boundary surveys, ALTA surveys, topographic surveys, construction staking, flood plain surveys and as-built record surveys.
- Robotic Total Station, GPS and basic Autocad knowledge required, Civil 3D and Leica equipment experience a plus.
- Strong communication, organizational and problem-solving skills.
- Valid Drivers License required.
- LSITs on track for licensure will be considered.

We offer excellent growth potential and competitive wages with medical, dental and vision insurance, 401K and bonus package. Visit our website martin-whitacre.com for more information.
